

WebAccess Workshop Prep – Verifying Your WebAccess Course

Welcome! To verify that your WebAccess course shell is online and ready to use for the upcoming Intro to WebAccess workshop, simply follow the directions below.

*** Note:** If you don't have a course this semester, please contact Peter (bruni@smccd.edu) or Anyta (archer@smccd.edu) today. Either will get you a Temporary Course "Sandbox."

If you have a temporary course, go to: <http://smccd.mrooms.net>, click on [Temporary Courses](#) located on the left side of the WebAccess login page, locate your "Sandbox" and click it to enter, then log in using your G number and six-digit birth date–mmddy (no spaces/hyphens). If you are taken to your WebAccess course or a Profile page, you're in! Close your browser. You're done for now. See you in class.

Verifying Your Current WebAccess Course Shell

► Go to: <http://smccd.mrooms.net> (PC users, use Int. Explorer; Mac users, use Firefox browser, not Safari)

► **Log in** using your **G number** and **6-digit birth date**, no spaces/hyphens–MMDDYY.

► Click your college name

► Use Search field at bottom of page to find your course. Search by CRN or course name (ie., HIST 110). Click on your course link (not your name) to enter.

► If after clicking the link to your course you're taken to your WebAccess home page, or a "Profile" page pops up, you're in and ready for class! Close browser. You're done for now.
